

HOME JOURNAL.

TO THE PUBLIC!

Inasmuch as some evil-disposed persons have circulated, upon the eve of the election, that I was defaulter in the payment of taxes collected by me as Constable, I publish the following receipts from the Trustee. They cover all that I have collected, and explain themselves:

Received of R. F. Oakley, Constable, the sum of \$292.00, (two hundred and ninety-two dollars), in full of amount of delinquent taxes collected by him from Districts Nos. 1 and 11 of Franklin county, Tenn., for 1880.

This July 24th, 1882.

R. G. SMITH, Trustee.

Received of R. F. Oakley, Constable, the sum of \$141.00, (one hundred and forty-one dollars), in full of amount of delinquent taxes collected by him from District No. 1 of Franklin county, Tenn., for the year 1881.

This July 24th, 1882.

R. G. SMITH, Trustee.

Respectfully,
R. F. OAKLEY,
Candidate for Sheriff of Franklin Co.

We call attention to the change in Carter & Bro.'s advertisement.

R. W. Officer, of the Christian Church, will preach at the Courthouse to-night.

Mr. George E. Banks, of Decherd, is a candidate for Magistrate. See announcement.

Mrs. Mattie Simmons and family, are at home again, after a several weeks visit to relatives in Davidson county.

Election to-morrow. Look out for false reports and all sorts of tricks. But don't forget to send us all the news.

MILCH COW FOR SALE—I have a No. 1 milch cow, with a young calf, for sale cheap. Apply soon.

B. A. S. FARMER.

We are indebted to Capt. Clem. Arledge's clever way for two of the largest beets of the season. They are about 14 inches in length, each, and measure, each, in circumference 14 inches. They are a fair sample of about two bushels raised by Mrs. A. this year.

Mr. Jas. L. Scott, of Nashville, who has been in Texas for several weeks on business, was on our streets yesterday, looking as pleasant as ever. He says crops in Texas are the finest he ever saw—that cotton will yield at least one and a-half bales to the acre.

For Magistrate.

We are authorized to announce W. W. Martin as a candidate for re-election as one of the Magistrates for this 1st district.

We are authorized to announce George E. Banks as a candidate for Magistrate in this, the 1st, civil district.

Household and Kitchen Furniture at Private Sale.

The undersigned, having determined to remove from Winchester, will sell very low for CASH a number of articles of Household and Kitchen Furniture, all of which are new and first-class.

GEORGE GULFORD.

August 24, 1882.

There will be held at Winchester, on Saturday, the 12th of August, a Teachers' Institute, which we understand the County Superintendent wishes every teacher in the public schools of Franklin county to attend. Questions of vital importance to young teachers will be discussed by experienced educators. Notice will be given in next week's issue of the place and programme.

The Methodist Church, having been thoroughly renovated on the inside, is now ready for use. The seats are dry—no sticking. Prayer meeting Wednesday night. Sunday services: Sunday School at 9 o'clock; preaching at 11, and at night. The Women's Missionary Society will meet next Friday afternoon at 4 o'clock, at Mrs. A. S. Embrey's.

There at 40 guests at Pylant's Springs in this county. The following Winchesterians are among the number:

W. W. Garner and wife, Mrs. J. F. Vaughan, Misses Ellen Loughmiller, Anna Porter, Ella Wilkinson and Belle Murrell, Mr. Matt B. Murch, Prof. Ben Marshall and Prof. Charlie Estill.

Messrs. Joe Garner, Jno. Burrow, J. S. Carter, B. P. Hunt, J. F. Vaughan, Wm. Murrell and Miss Sallie Carter, visited the Springs last Sunday.

Circuit Court adjourned last Thursday until Monday of this week. At this writing the Court is in session, but we understand it will adjourn to-day until after the election. In the case of "Roddy, adm'r, vs. The Tennessee Coal and Railroad Co.," which was being tried at the time of going to press last week, the jury rendered a verdict of \$6,400 for complainant. A motion for a new trial is pending, and will be disposed of next Monday.

We visited the beautiful and growing town, Tullahoma, last Saturday, mainly to be present at a ratification meeting in favor of Gen. Wm. B. State. About 400 persons were present, and speeches were made by ex-Gov. Marks, Capt. T. D. Gregory, Col. Matt. Martin and W. J. Slatter, all of whom were introduced by our noble friend, Dr. J. B. Cowan. Dr. C. seemed as ready and skillful in the use of pleasant and fitting words for the occasion as he is in the use of the various operative instruments for taking off a man's limb or dissecting him in toto. Except ourselves, all made good speeches; but we dealt in facts to the best of our hurried ability. All passed off pleasantly, and we came home with renewed belief that Gen. Wm. B. State will be our next Governor.

Our Roads.

It seems like iteration and re-iteration for us to write in the Home Journal about the miserable passes, called roads, which we have in this county. But we are determined to keep up the issue and fight it out to the bitter or blessed end. Why, sirs, if you will only take a drive (as many of the people of Winchester often do) to the "Anna Finch" ford—just one mile from town—you will find that, after leaving our corporate limits, the whole breadth of the road is scarcely available for one wheeled vehicle. On both sides the ruts are so deep that to drive into either would be a sad catastrophe, and it requires very skillful management and watching of both reins and horses to keep from falling into one or the other. These ruts are being enlarged at each heavy rain, and very soon the road will become utterly impassable. Byron said: "When things get to their worst they sometimes mend." This road is almost at its worst. There are two gullies running diagonally across it, which are sufficient to break the best spring that ever was put under a wagon-bed. Verily, our roads are in a worse condition than under the old road law. And the old road law was one which was in vogue two hundred years ago in England. There has been improvement in everything except public dirt roads. We opine that the law is not enforced, and we suggest that Franklin county first address herself to the improvement of our roads. It will not only benefit us materially, but intellectually and morally. Our county is not in debt, but she had better go in debt ten thousand dollars at once rather than permit such miserable roads any longer. About ten good hands could, in ten days, cut down the dirt and fill up the great gullies on each side of the ribbon-of-a-road that leads from town to the Anna Finch ford. Why not do it? We believe this should take precedence of any improvement of our Courthouse. We want good roads everywhere. We want a turnpike up the mountain to Seawee. We want gullies filled up, crossings built, and distance abridged. The result will be an increase of immigration; increase in the value of land; a saving of time and labor; employment for men who want work; a diminution of accidents; and general good all round. We have rock and gravel at hand, labor anxious for employment, property to be taxed, and now we only need common sense and enterprise.

Notice to Democrats.

It is the request of the Democratic Executive Committee of Franklin county, that all voters have upon their tickets "No Constitutional Convention."

PROF. GEORGE GULFORD.—This estimable gentleman and well-known professor of music has sold his new and elegant residence, on High street, to Prof. A. T. Barrett, and will shortly leave for Boston, Mass., where he will be connected with the house of Hallet & Davis Co., dealers in and manufacturers of Pianos. It may be selfish to object to any man bettering himself when he can, and which, we opine, Prof. Gulford will do, financially, by going to Boston. But we wish that he could be kept among us. He is not only a thorough scholar and most excellent teacher, but an enterprising man, ready to aid in building up and improving, and endowed by nature with a taste and apprehension necessary to render his efforts successful. It is not necessary for us to recommend him to the Boston firm mentioned—he has already done that himself, for they knew him. By-the-way, if any of our readers wish to purchase articles of household and kitchen furniture it will be seen from a card in our paper that they now have a good opportunity. We feel justified in saying that a bargain can be had, because Prof. G. would certainly sell at a large discount from cost rather than take it away off to Boston. And we know it is nice furniture.

Good plasterers' laths for sale by G. G. Phillips.

Winchester is a good market for the sale of all kinds of eatables. And now that the "land is blessed with the best crops we have known for twenty years, we hope to hear of no complaint from any one about hard times. And we hope that our schools will open with largely increased patronage. Merchants, farmers and mechanics ought, all, to be happy. There is much to be hoped for.

Sm. Venable thinks that everybody in the county of Franklin must surely be bent on marriage within the next four months. He bases his opinion upon the large number of policies he has issued in the various Nuptial Companies he represents. Read his advertisement.

The New Democracy.

The Nashville organ of the "Bolters" several times recently has used the phrase, "We propose to build up a new Democracy." Whether dropped deliberately or incautiously, this expression, we fear, betrays the true animus of it, and of those of whom it is the exponent. The measure on which the bolt was founded was one antagonistic to the fundamental principles of ancient and time-tried Democracy, and it is matter of little wonder its advocates should be dissatisfied with the Democracy of the past. They have indeed departed from the faith, and are seeking after strange gods. It is somewhat inconsistent, however, that in one breath they should proclaim themselves the true Democracy—that which is proven and which should be held fast—and in the next should talk of constructing something new to which they would misapply that honorable title. Men engaged in the perpetration of a blunder so stupid as that with which the "Bolting" leaders are endeavoring to beguile the people, are expected to display inconsistency. It is of the nature of all folly to deceive itself. In this movement they are conscious of being not only in flagrant rebellion to the organization of the Democratic party, but in open defiance of its elemental creed, and they are driven to divers sophistical shifts to excuse and defend their conduct. None is more threadbare and transparent than the claim to superior devotion to Democratic principles, and none more impudent than the assumption that the Democratic party of Tennessee has fallen into evil courses and needs to be built anew by their immaculate hands. But in the phrase we criticize the truth is unwittingly told. It is, indeed, an entirely "new Democracy" the Bolters are trying to teach.

The Democratic party of Tennessee was founded with the State in 1796. The cornerstone of its faith, laid by Jefferson and plumed and squared by Jackson, was faith in the virtue of the people and obedience to their will. This new-fangled Democracy was conceived in contempt of both, and is engaged in endeavoring to foist on the people a measure it knows to be repugnant to the popular sense of justice and to the popular will. It will die in the morning, and perish a miserable abortion. In three months—may, not so much—not three—its projectors and some time sponsors will deny and disown it. The Democratic party disclaims it now. That party needs no renovation and re-forming. Standing securely and immutably entrenched in popular confidence, it tries every measure of vital importance by the standard of the popular judgment. No other standards and methods are recognized by it. The past vindicates its wisdom, and the future will justify its present attitude. Away with your "new Democracy."

Winchester, July 5th, 1882.

For the Legislature.

We are authorized to announce Dr. Lewis Metcalfe a candidate to represent Franklin county in the lower house of the next General Assembly of Tennessee. Election first Tuesday in November.

HENRY STATION, Franklin Co., Tenn.
Mr. W. J. Slatter, Editor Home Journal:

We, many voters, authorize you to announce W. A. Larkin a candidate to represent Franklin county in the lower house of the next General Assembly of Tennessee.

The other day Mr. T. N. Arledge wanted to go to Winchester Springs. He had his splendid team of mules hitched to a commodious wagon, and, without mentioning his destination, beguiled Col. S. E. N. Bobo, Esq. J. T. Merritt, W. M. Robertson, the writer, and several others, to take—sent in his vehicle. He then left for the Springs at such a speed that it was impossible for any one of us to do anything except to await our arrival at the aforesaid place. A hungry set of captured fellows you would seldom see. But in a few moments Mr. Jno. G. Brazelton, our Town Constable, invited us, in behalf of his wife and Mrs. Scott Davis, to partake of what was left from the luncheon they had brought. Knowing that Mr. Scott Davis (the lucky husband of Mrs. D.) had already partaken, our crowd very naturally, knowing the man, supposed that what was left was on a par with what would be left after taking 2 from 2. Of course we all hesitated for the sake of politeness, mingled with much fear. But the sequel proved how utterly groundless were our modest fears. Our irreproachable word for it, we never had a more sumptuous feast; at least the writer never did. Delicious viands, such as fried ham; boiled ham; pulled ham; broiled bacon; canned mackerel; fried spring chicken; jellies dripped and undripped, and of every style, and "light as lady's love," and beautiful as the gorgeous scenery that bewitched our vision, while the "grand old ones" stood like faithful sentinels and through their rich green foliage shimmered down upon us occasional rays of a meridian sun, as he coquetted with passing clouds. And there were vegetables of every school—tomatoes, the beauty and flavor of which would have tempted Eve long before the apple did. O! it was, indeed, a most welcome banquet to our boys of dead-beats. After we all had shown through our appetites that not one of us was sick or even expected to be, a meeting was called. W. J. S. was elected President and Col. E. S. N. B. elected Secretary. A committee, composed of W. M. R. J. T. M., and T. N. A., reported the following:

Resolved, That unexpected pleasures surpass expected ones. That this fact has been most substantially impressed upon our minds by the magnificent amount of good things tendered us by Mrs. Jno. G. Brazelton and Mrs. W. S. Davis.

Resolved, That we have accepted the tender with all the zeal and gratitude it is possible for erring mortals to evince.

Resolved, That such kindness shown when it can do most good, shall never be forgotten, and should be a lesson to the world to not delay too long similar manifestations of soul, lest they draw upon themselves the odium of being death-bed repentants.

The resolutions were unanimously adopted.

Inasmuch as W. S. Davis joined us in our feast after having eaten at the first table.

Resolved, That he be considered as on both sides of the question, and that he is "high-tax" when it comes to eating.

E. S. N. B., Secretary

OFFERS SUPERIOR ADVANTAGES IN
English, Latin and German,
Mathematics, History and Literature,
Natural Science, Music and Art,
Philosophy, Book-keeping,
Primary Studies, Penmanship,
Theory and Practice of Teaching.

THE FIFTH ANNUAL SESSION
Begins August 20, (Tuesday) 1882. The outlook for the future is full of promise. The enrollment was 247 the past year. The growth from the first has been steady and healthy, and to-day the Normal is the largest school of its age in Tennessee.

A FULL FACULTY

Of earnest, experienced, and successful teachers are employed. Besides the seven regular teachers, several assistants, full of vigor and enthusiasm, render valuable help.

Dr. Joseph Baldwin, author of School Management, says of this President, J. W. Terrill: "As a teacher and manager, he has few equals. His school at Honesville impressed me as the best I had ever visited."

By W. R. Forthwell, of William Jewell College, Mo., says: "Few men of his age in Missouri, or the West, have won and sustained a higher reputation as a successful, practical teacher and College President than Mr. Terrill."

Prof. W. P. Nason, President of North Missouri Normal, says: "He is an educator of the very first rank; that as a presiding officer and teacher he has very few equals."

Prof. R. A. CLARK is a native of Tennessee and a Christian gentleman of the highest type. He has studied and taught for twelve years in the town of Winchester, and his work and success in the classroom show him to-day one of the most accomplished teachers in Tennessee. While he is a self-made man and teacher, and no graduate, yet none of our college-bred teachers will dare question or test his ability and skill by competing or comparing results, with him. Free from the restraints of the old colleges he has readily accepted natural, or Normal, methods.

Miss Mattie Estill graduated in Mary Sharp College in 1875, and that institution honored her with a position as teacher, giving to her work and scholarship much praise. Since then she has spent ten years in the Normal preparing herself for the grand work of teaching. She is a lady of fine ability, and an indefatigable student and worker. Her fine social qualities, her long training in Theory and Art of teaching, her scholarship, and her experience in actual work of the school-room, all combine to make her a very superior teacher. Her fitness, both natural and acquired, will be admitted by those who witness her work.

Miss Carrie Terrill, Principal of Preparatory Department, has had an experience of twelve years in teaching primary branches and little children. Only after years of arduous study and training did she enter upon this work. Since 1876 she has taught in Winchester, and it will be admitted by all that she has lifted Primary Teaching to a higher plane of excellence, thus conferring lasting benefits on our youth and scholars. In Primary Work she is without a peer, not only in Winchester, but in the State.

Miss Jessie Beauchamp, of Texas, takes the place vacated by Prof. Wm. McIlhenny. She has several years' experience as a teacher. We assure our patrons and students that no mistake has been made in her selection. She was for years a student of President Terrill's in Missouri.

Miss Lillie Rhodes has taught the Music the past two years, and her success has warranted the Faculty in purchasing new instruments throughout for her work in future. In this department she will compare favorably with teachers of other schools.

Miss Mamie French takes charge of an Art School in the Normal. This is a new and valuable feature to which we call special attention. She is well qualified, and comes to make permanent and successful this Department of the school.

Miss Maud Terrill, well known to the students and friends of the Normal, will teach half her time in the various Departments, as may be needed.

Non-Resident Notice.

Mrs. Cornelia McCutcheon vs. J. N. McCutcheon's heirs et als.

It appearing to the satisfaction of the Clerk & Master from the affidavit of complainant's Amended Bill in above cause, that defendant, Alfonso Days, is a non-resident of the State of Tennessee, so that the ordinary process of law cannot be served upon him.

It is therefore ordered that publication be made for four consecutive weeks in the Home Journal, published in Winchester, Tenn., requiring said non-resident defendant to appear on
